MIND BRITAIN'S BUSINESS!

This was the message, that Sir Oswald Mosley, and his Blackshirt Patriots, preached to those that would listen, in the dark days of 1939. The reason then, was to try and prevent a senseless war between European Brothers. Unfortunately for Europe their mission failed. Millions died, the European Ideal withered, and Britain lost the greatest Empire ever seen.

Not since those dark days of pre-war, has the message been so needfull as now, but for a different reason. No longer do we have an Empire to lose, but now we are in far greater danger, danger of losing this very Country that we love.

In the thirties, Britons were urged by the government of the day, , "To Fight For Your Freedom, Defend the Motherland". Todays government doesn't care.

They instead, worry about what the Iraqis will do with several large tubes that they have recently purchased, is it a gun? if so, will be used against Israel? they ask, IT MATTERS NOT TO BRITAIN! IT'S NOT BRITAIN'S BUSINESS.

They worry about the re-unification of Germany, what will be her borders with Poland?, THAT'S NOT BRITAIN'S BUSINESS.

The civil rights of South African tribesmen, the welfare of Ethiopian nomads, the problems of ethnic Chinese in Hong Kong, all are made the concern of our masters, BUT IT'S NOT BRITAIN'S BUSINESS.

Whilst our masters are thus engaged, Britain suffers. Thousands of our kinfolk are flooded out of their homes in Wales, our masters toss a few crumbs of aid! Foreign investors take over our industries, our banks, our very future, Our Masters do Nothing! Immigrants pour into our country, threatening to alter forever our very Racial Character, Our Masters Do Nothing!

The antidote for this apathy lies in YOUR HANDS. The hands of our small Nationalist Community. We must take up the challenge, and fight for Britain.

WE MUST NOT FAIL.....

COMRADESHIP. LOYALTY. HONOUR.

Editorial

It hasn't been a very good time for the Labour Party recently, has it ?, First their stormtroopers riot in our city centres, injuring Police, and smashing property, Then, their high spending councils have their incomes "capped", forcing them to forecast mass closures of Schools, Old Peoples Homes and Nurseries, instead of Gay Clubs, Lesbian Helplines, and Black Cultural Centres. Then finally their "Fuhrer" gets caught on film giving a Marxist clenched fist salute at a Black Terrorist fundraising event. All this, in a year in which Millions of East Europeans have firmly rejected the Marxist policies that Labour are trying to convince British voters to accept. No wonder they are being called "The Loony Labour Party"..

Following the "exposure" of the home address of "Searchlight" editor Gerry (the burglar) Gable, (see issue 7), it would seem that some of Gerry's neighbours in the ultra-respectable area of Gants Hill, are now getting concerned at having a convicted burglar living amongst them. For a group of local residents, calling themselves the "Clayhall Neighbourhood Information Service", have been busy distributing leaflets in the area headed "THIEFWATCH", and presumably giving details of Gerry's criminal past.

As could be expected, an un-identified "Fascist Organisation" has been blamed, and the brave Gerry has told all that would listen, "I've spent too long dealing with these thugs to be frightened, I've lived in this area for nine years, and have no intention of moving"... *So why have you got a "Douglas Allen Spiro" Estate Agents board in your garden, Gerry ????*

BNP BACK "RIGHTS FOR WHITES"

Several Hundred members and supporters of the BRITISH NATIONAL PARTY marched through the Bethnal Green area of East London recently, to demand "Rights for Whites".

This followed a series of serious attacks on Whites in the area, by gangs of Asian youths.

Schoolboy, John Stoner was nearly stabbed to death by a gang of up to 20 Asians, as he left nearby Morpeth School, and Stepney man, Terry Swinney was slashed and stabbed by a gang of 8 Asians near his home.

The BNP marched from Sir Oswald Mosley's old stronghold of Bethnal Green, some three miles to Bow. All along the route local residents cheered and clapped the marchers. One resident, seventy year old Mr Manny Hochfelder, was almost in tears as he told our "Sentinel" reporter, "they look like a White Liberation Army, coming to save us".

At the end of the march, a rally was held, addressed by local organiser Richard Edmonds, and BNP leader Johr Tyndall.

DRESDEN: BRITAIN'S WAR CRIME?

Just twelve weeks before the end of the war, Britain and her American allies jointly committed one of the most horrendous "crimes against humanity" ever seen in wartime. It was, a deliberate plot, to murder one hundred and thirty-five thousand unarmed civilian refugees crammed into the almost undefended German town of DRESDEN.....

The term "War Crimes", was defined at the infamous Nuremburg "show trials", as being "Crimes against humanity", and Nationalists such as Rudolf Hess, although never accused of killing anyone, recieved a life sentence for this offence, which in event, some 46 years later, proved to be a "death sentence" (see issue 1), but the perpetrators of the deliberate murder of the occupants of Dresden were never brought to trial, they were instead, honoured,as "heroes".

Just before midnight,on the 13th of February 1945, over 800 British aircraft of bomber command were ordered to attack the city of Dresden.

In one raid, they dropped more than 2,600 tons of high-explosive, and incendiary bombs, creating a "firestorm" which turned the city into an inferno. A lake of fire, covering some 22 square kilometres, fierce heat approaching 1000 degrees centigrade,created a vast suction force, causing the hot air to storm through the streets at speeds of up to 150 MPH, sweeping men women and children into the flames. All efforts to resist were powerless, a veritable "Holocaust" of fire. Hundreds, perhaps thousands, were immediatly incinerated, their ashes scattered by the winds. Many more were blown to pieces, others buried in the rubble. In the next few days, our American allies followed, pouring more bombs down on the shattered city.

It is a fact, that more died in those Dresden raids, than the TOTAL BRITISH CIVILIAN DEATHS DURING FIVE AND A HALF YEARS OF WAR. (60,595).

There was never any justification for this "War Crime",as Dresden had never been a place of Military Importance, but this had no bearing on the decision made by those meglomaniac warlords, Churchill and Roosevelt. The losses of British and American aircrews were also unimportant,

only the murder of the German people was paramount.

The "Holocaust" comes to Dresden, courtesy of Churchill and Roosevelt.

Whether or not they were acting on the instructions of their alien "masters" we shall never know, but in the next few months, with the clamour for "War Crimes Trials" to be held for the first time on British soil, we should remember that it was not just our "opponents", that may have committed "Crimes Against Humanity".

In our next issue we hope to throw some light on "War Crimes" committed by our American allies...

BOMB THREAT TO FRONT MEETING.

Local Reds are believed to be behind the recent attempt to stop a meeting of the South-West Region of the National Front, by phoning the manager of the venue, and claiming that there were bombs on the premises.

Orthodox Jews living in Golders Green, London, have been ordered by their local Rabbi's not to shop at premises owned by Hindu businessman Biyush Raj. The Rabbi's have accused Raj of undercutting the prices of local Jewish traders, and therefore threatening their livelihood.
The boycott has been accompanied by protests outside of the shops, by youths wearing kippots (skulcaps), who have told shoppers to buy instead at Jewish owned foodshops nearby.

The Daily Telegraph was flooded with complaints after printing an apparently "Hoax" letter stating that British Jews were more loyal to Judaism and Israel, than to Britain. The letter was signed...ARNOLD LEESE !

Watch chiefs horrified over leaflet smear campaign bid

LEADERS of Clayhall Neighbourhood Watch are alarmed at what they see as a bid to involve the group in a smear campaign.

Families in Herent Drive, Clayhall, have been receiving leaflets headed "Thief Watch" with allegations directed against well-known anti-Nazi magazine publisher Gerry Gable who lives in the road.

An unknown group calling itself The Clayhall Neighbourhood Information Service, Ilford, Essex, has sent the handbills which arrive in typewritten envelopes addressed to The Occupier and bearing the postcode.

House numbers were penned in and the envelopes have a 15p stamp.

The leaflet has sparked an outcry from Neighbourhood Watch chiefs concerned that residents might think it is their literature.

Derek Fisher, area co-ordinator of Lower Clayhall Watch, said: "I wish to make it clear that I and Neighbourhood Watch have nothing to do with these leaflets.

"Anyone receiving them should contact the police."

Neighbour Lalitha Meehitiya, who received a leaflet, said: "It looked as if it was from the Neighbourhood Watch, but I am a member and it looked too personal to be from them."

Mr Gable's wife Sonia, 37, an accountant, said she believed the leaflet came from a fascist organisation. "It's annoying because neighbours who do not know Gerry's work may believe this rubbish."
